1. We have received David Motherwell's recommendation to disfellowship our Pastor Don Barnett. We wish to pass the recommendation on to the senior elders also recommending that Pastor Don Barnett be disfellowshipped from this church for malfeasance of his office as pastor and in gross violation of the Word of God. Having put out others from this church for less offenses, we have no choice but to ask the senior elders in the strongest terms possible to put Don Barnett out of this church.
